GRP Planter

For over 20 years, DuraPlant Planters has been an industry leader in the manufacture of GRP/Fiberglass Industry. The company has consistently been a pioneer in the development of improved materials, techniques and processes.

DuraPlant's technical personnel are anxious to make their expertise and experience available at the earliest stages of a project. Preliminary discussions and consultations between our engineers and the architect result in determination of appropriate materials, methods of attachment, appropriate finish and the development of engineering details as well as other relevant technical participation.
